SUGGESTED REQUIREMENT FOR RESTRICTION

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

This case includes claims 1-28.

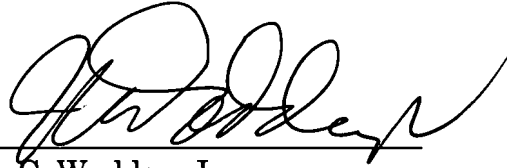

Applicant suggests that the claims are directed to two independent and distinct inventions, namely: (1) a medical information processing method, a method for generating a medical profile for a patient, and a method for profiling the medication history of a patient; and (2) a medical information data base.

Claims 1-22 are in Group I.

Claims 23-28 are in Group II.

If this suggested restriction requirement is adopted by the Examiner, Applicant elects without traverse the invention of Group I (claims 1-22) directed to the first invention.

Respectfully submitted,
